ReadMe:

1. When you open the app you will be greeted and asked to input your name
2. Once you input your name you will then see a personal message and automatically enter the menu.
3. The task menu will allow you to choose from 5 different tabs:
   a. Add task = Allows you to add tasks to your list
   b. View task = Allows you to view your completed and incomplete tasks
   c. Mark complete = Allows you to mark your tasks as complete
   d. Delete task = Allows you to delete tasks
   e. Quit = Allows you to leave the app
4. Once you enter a tab you will be in there until you type "quit"
5. Once you type "quit" you will then be asked if you want to return to the main menu
   a. If "y" you will return to the main menu and have the same options
   b. If "n" you will exit the app
